

SRARNZ Conference 2017 Jan 20-22 Whangarei

The next biennial SRARNZ conference will be held in the winterless north on January 20-22, 2017. Come join us at the Whangarei Heads where you'll be surrounded by beaches, forest and an exciting and diverse herpetofauna (eleven species within a 10 km radius!). The conference will have a live-in option but you will be close to urban amenities and accommodation should you need them. The field trip options would have to be some of the best in the country and will cater to all types ranging from simple to expedition. We're looking forward to seeing you there so lock it in your diaries.
